

ISKO VITAL™ +

Supreme Line

Reusable Cotton Face Cover

Product Leaflet

There is a clear emerging need for high-quality face covers that can be manufactured and marketed on a large scale without impacting supplies of medical face masks.

ISKO Vital™+ face covers are breathable, comfortable, washable face covers designed to address these important and urgent challenges. Made from soft, environmentally friendly organic cotton, these covers are designed to be worn for extended periods of time during the day, while still offering effective protection against the spread of viruses. They offer antimicrobial material protection through Sanitized® odor-reducing technology and can be washed and re-used up to 30 times, making them an attractive and effective investment.
